Sketch a tiger

Guided sketch

A front view with rounded ears, a broad muzzle and stripes

Finished reference from the lesson

PENCIL PRACTICE

1. Use the eye line and centre guide to place the eyes and nose.
2. Build the rounded ears and muzzle over the light guides.
3. Place a few broad stripes. Shade them before adding short fur strokes.

Finished reference from the lesson

PENCIL PRACTICE

1. Start from the eye and nose marks. Check the face width on both sides.
2. Connect the muzzle and lower jaw, then match the ears to the model.
3. Compare the spacing of your stripes. Fill them with two light pencil passes.
